Prayer

On the Solemnity of All Saints, Pope Francis led the recitation of the Angelus prayer in Saint Peter's Square reflecting on how the Beatitudes show us the path that leads to the Kingdom of God and to happiness. To be a saint, he says, is to walk on this road, especially through joy and prophecy manifested in our lives. (Vatican News 1st November 2021)

Gracious God

You have given the saints in heaven eternal happiness and they now live in the fullness of your glory.

Their love for you means that they also care about us, our family, our friends, our church, and our neighbours.

Thank you for the gift of their friendship and the witness of their holy lives.

AMEN

Dear Stella Community

Vale Year 12 2021

This week we celebrated with our Year 12 students in Year Meetings to thank them for their contribution to the school and to commend them for their achievements over the past six years.

At the Year Meeting with their Pastoral Care teachers and Ms Bourke, I shared with Year 12 some advice from Julia Baird, in her recent book *Phosphorescence* (2019), where she wrote a chapter to her daughter with some thoughts to consider as she embarks on life as an adult. Julia says

- First - demand respect and give it. Sometimes you will feel insane or be told you are but persist.
- Use your brain. You will be praised for your sunny face and kind ways but you also must protect and stretch your fine brain.
- Find friends with true hearts and love them long and loyally. Never take your family for granted, love them unwaveringly. Practice forgiveness on all of them.
- The most important quality to look for in another human is goodness. Don't make the mistake of dismissing decency as dullness.
- You deserve love. Real enduring love. But remember Proverbs 4.23 Above all else guard your heart for it is the wellspring of life.
- Be you. Dare and don't let the world crush your astonishing spirit.
- Know that bad times will pass. Walk tall and don't descend to nastiness and vitriol. As Michelle Obama put it, 'When they go low, we go high'.
- Walk lightly on the earth. Be at peace with God. Never mock another person's beliefs. Allow yourself and others to make mistakes.
- Know that being a woman is magnificent. Your elders and ancestors give you an authority. Of being strong and certain and bold. Of being able to create and nurture life.
- Shrug off anyone who would tell you to be less than you are.

I would add one more thought: always remember that you are amazing, you are God's work of art (Ephesians 2:10) and your future will be formed by the communities you touch, the people you listen to and dreams you dare to dream. We want you to fulfil your potential as future leaders. Go out and make a positive difference in the world - we know you can do it.

We wish the Class of 2021 well with their upcoming examinations and for their future lives starting in 2022.

Parents and Friends

Don't forget the P&F are organising a Comedy Night on 19th November in the Star of the Sea Theatre. Make sure you book your tickets for a great night's entertainment and a chance to get to know other Stella parents.

Job of the Week: Computational Biologist

What does a Computational Biologist do?

Computational Biology is a combination of mathematics, statistics, computer science, and biology. Computational Biologists are responsible for gathering data, then using this data to create models to interpret biological phenomena. They can use this data for a number of purposes; to find patterns and trends, understand how things evolve and change, and even cure diseases.

Examples of projects real Computational Biologists are working on include finding a cure for cancer, helping to stop the spread of deadly diseases like Ebola, and helping develop more sustainable fishing practices.

If you're analytical with a mind for mathematics, are curious and inquisitive, and want to tackle some of the world's biggest problems, becoming a Computational Biologist could be perfect for you.

How do you become a Computational Biologist?

HELP NEEDED PLEASE

I have also sent emails to our current volunteers asking if you can come in for the remainder of this term and ALSO your plans for next year.

If you haven't already, I need you to let me know

ASAP if you would like to stay on your day, change to another day or not come back at all. I will be preparing next year's roster soon but I can't assume that because you are on the roster now, that you will be doing the same next year.

We will have responses back soon from next year's new parents with their preferences, so if I haven't heard back from our current volunteers, I can't guarantee you will get your preferred day.

Our school is using the Perspectives: Your school in focus suite of surveys developed by AISNSW to support our school improvement endeavours. The information gathered will assist in furthering the growth and development of our school community. We will use the survey results to help inform and direct future school planning and improvement strategies.

These surveys are specifically designed to assist schools in gaining an understanding of stakeholders' perceptions of five important areas: School Environment, Teaching and Learning, Student Wellbeing, Leadership and Community. All staff, students, parents/guardians, leaders and Board members are invited to participate.

The surveys will be available from 1 November to 14 November and are conducted online, taking approximately 15 to 20 minutes to complete.

Your input and contribution are important to the success of our continuous school improvement process as we aspire to improve the learning experience for everyone at our school.

Parties at The Sydney Chocolate School.

The minimum number of children to attend is 6 with no maximum numbers (up to 50 can be catered for). The price is \$80 per child. The minimum age is 5 years and again no maximum as all ages enjoy the parties and they are designed for the age group booked.

The fun filled 1.5 hours includes the children hand tempering chocolate on marble and making a selection of chocolates – all of which they take home on the day in generous goody bags (so you do not have to create these yourself!). The children make chocolate bars, artwork lollypops, chocolate stars and freckles (this can be adjusted or changed on request).

You can choose to use organic milk, white or dark chocolate. You will need to make the selection before the event. All children get a certificate, celebrating the day.

The birthday parties usually are hosted 2-3.30 on Saturdays and Sundays but other days and times can be booked if we have availability.

We offer a full high tea service after your party for an additional \$40pp. Please note our high tea is an outdoor event only.

Alternatively there is a lovely BBQ area that many parents have a party and cake at after. Please note the BBQ area is a public facility, so we recommend you get there early to try to get the space. Our front lawn is an excellent alternative to bring a picnic rug and watch the boats sail by on the harbour foreshore while enjoying your cake.

If you would like our balcony with tables and chairs and plates for the cake; this space can be leased for 1 hour for an additional \$150 per hour. This way you can have full access to our harbourside outdoor deck to celebrate with cake and snacks that you bring on the day.

Please note we are a fully licensed venue, so can serve adults sparkling wine and champagne at this time. For BYO we charge an overall \$25 corkage for the hour. Please advise us if you are bringing alcohol on the day.

HOW TO BOOK

We hope to welcome you in the future. All bookings are confirmed with a 50% deposit. You can [book online](https://www.wholefoodmama.com.au), email rebecca@cocochocolate.com.au or phone 0414701477 to 1:00pm.
